Be conscious while creating a significant impact

Giving a personalised gift is a nice and high-impact opportunity to show your appreciation and to increase your brand recognition. During selection our goal is always to create functional and stylish products while increasing the use of recycled and renewable materials. Combined with the most suitable decoration technique we hope to inspire you with this new end of year selection full of environmentally as well as budget-friendly ideas.

amfori 
Trade with purpose

Responsible sourcing and production

All products are produced in a responsible way and comply with the requirements under European laws and regulations. Choosing more sustainable materials has been an essential factor during the development of this new collection.

Social responsibility and sustainable printing

During production and printing we focus on creating a safe and positive working environment. All items are well-constructed, tested and produced with compliant and safe materials. Our printing process requires the safe use of all production inputs, such as chemicals and the control of all production outputs and emissions.

Sustainable solutions

By strongly reducing the use of virgin plastic and rethinking the most efficient way to pack the goods, both individually and for onward distribution shipment, we can reduce waste and influence our environmental footprint.

Outdoor Experience

tritan™ RENEW
FROM EASTMAN

Tritan™ Renew is powered by revolutionary recycling technology that transforms single-use plastic waste into durable materials, offsetting the use of fossil fuels and lowering greenhouse gas emissions.

Environmental care

Enabled through a unique process that breaks down waste plastic back into its basic chemical building blocks, allowing plastic materials to be recycled again and again.

Clear and clean

Superior glass-like quality and unsurpassed transparency. Odor and taste resistant.

Durability

Made with innovative sustainable materials that are strong impact resistant, Tritan™ Renew is highly durable, dishwasher safe... made to last.

BPA free

Tritan™ Renew are free of BPA, BPS, and BPF chemicals thanks to Eastman's innovative recycling technologies, suitable for contact with food.
